

ANSH SHUKLA

ENGINEERING STUDENT SEEKING JOB OPPORTUNITIES

9555691855| [LinkedIn](#) | 231230011@nitdelhi.ac.in

OBJECTIVE

A highly motivated Electrical Engineering student with a strong academic record and exceptional problem-solving skills. Seeking job opportunity to apply theoretical knowledge in real-world settings, contribute to team projects, and further develop technical expertise in electrical systems, circuits, and engineering design. Eager to collaborate with professionals in the field, learn new technologies, and enhance practical skills in electrical engineering.

EDUCATION

National Institute of Technology Delhi		2023-2027
Bachelor of Technology in Electrical Engineering	CGPA – 9.18	
B.K.D Aldrich Public School Orai U.P.	Class 12 th – 96.20%	2022
V.S.B. Education Centre Orai U.P.	Class 10 th – 95.00%	2020

PROJECT

MOVING OBJECT DETECTION USING ULTRASONIC SENSOR	2ND YEAR
- Utilized sensor data to measure distance and detect object presence. - Implemented real-time object tracking and movement analysis. - Applied for security and automation purposes.	
CLAP CONTROL HOME AUTOMATION	1ST YEAR
- Integrated sound sensors to detect clap signals for command execution. - Automated devices like lights, fans, and appliances with a simple clap. - Enhanced user convenience and accessibility in smart home setups.	

SKILLS

Technical Skills- MS OFFICE, MATLAB, ARDUINO IDE, PROTEUS, TINKERCAD, C LANGUAGE, LaTeX, LUCID CHART.

Soft Skills- Language Proficiency (English and Hindi), Emotional Intelligence, Teamwork, Work Management, Problem Solving.

ACHIEVEMENTS

- Certificate of Merit for 100/100 in Mathematics (10th)
- Qualified NTSE Stage 1
- Cleared JEE Mains with 98%ile
- Completed 'Consulting Approach to Problem Solving' course by Emory University

HOBBIES

Reading Books, Running, Yoga, Gym, Cycling, Cooking, Planning Meetups
